"RELAY FOR LIFE" (Cancer Support) is coming!!!!
The Energizer Bunnys are visiting yards for a day to help **DRUM OUT CANCER**. If you wish to donate, you may place your money or check in the drum the bunny is carrying. Information is on a yellow sheet tied to the bunny's neck. A purple ribbon will be tied around your tree as a "Thank you". The Energizer Bunny will be moved and the donation collected each evening. This is to add some fun to our drive!!!!

There will be other ways you may donate, such as, stars on Busse's Grocery window, and a Potato Bar on July 20th at the Zion Lutheran Social Hall. If you would like to help in any way this year or in the future leave a note in the drum. Thanks for being such a supportive community!!!!

The Drum Out Cancer Team

Doug Straight, Environmental and Agricultural Education instructor at Shickley High School, was one of over 120 agricultural instructors that attended the Nebraska Career Education Conference and the Nebraska Agricultural Educators Association Summer conference that was held in Kearney. NAEA members took the opportunity to grow and bring ideas back to local programs. The Conference allowed attendees to develop professional leadership skills through energetic and motivational speakers. Mr. Straight served on the State Fair committee. He was selected as a presenter in the Ideas Unlimited Contest and delivered how he utilizes Angel, a learning management system, in his class room and with on line classes that he teaches. Mr. Straight was elected to serve as Chairman of the District 8.
